**Past Life Regression Workshop  
with Jean Mandeville**

Fee: \$35

Trance Medium & Healer, Jean Mandeville, will lead participants through a series of guided imagery exercises that will release disharmonious energies which no longer serve self, centering us, and ultimately restoring each individual. During the meditation Jean's spirit guides will clear everyone's chakras and auric field.

The class will then be lead to a divine light toward to the Akashic Records where all of our soul information/past lifetimes are stored. A record keeper will bring us an excerpt of a past life that is important to the individual. From this knowledge we can gain an understanding of why we are experiencing something in our current life which we have brought forward from the past, whether it be a gift, an illness, or an unresolved lesson.

If there is a need for a healing, a shamanic soul retrieval will take place. Shaman feel that when we endure a trauma we lose a piece of the soul, or some of its energy is left as an imprint in the situation. This energy can be retrieved and a great healing can take place. When the class returns to our present day reality, all will have a feeling of peace and well being.

**Jean Mandeville** is a trance medium who is a member of the First Spiritualist of Willimantic, Connecticut Church and Pine Grove Spiritualist Camp. She is currently enrolled in the Morris Pratt Institute to become a Reverend.

She has been actively studying spirituality for 21 years. She is a Reiki master, has received advanced training in Integrated Energy Therapy, and is a Spiritual Response Therapy practitioner which is a method that removes interference within soul programs.
