Anne Carbone, M.A. - Service
AMC Mediumship Group - Spirit Communications

Anne Carbone M.A. is a psycho spiritual therapist who has studied 13 years at The Blue Gate School, a spiritual education center. It is the religious and spiritual branch of The American Institute for Mental Imagery in New York City. Anne studied monotheism, the western tradition which forms the basis for Christianity and Judaism. Her extensive training included education in the prophetic path of Jesus, the visionary way of the prophets known as the Kabbalah of Light, as well as the mystical practices of the Christian saints and Jewish prophets and mystics.

Anne's sermons draw upon Spiritualism and her interfaith background to express messages of hope and the modern day necessity for recognizing our oneness with spirit. They encourage closer, everyday connection with the divine. There is also a practical understanding of how to achieve that connection thru detachment from the man made world: As Jesus taught, to be in the world but not of it. Anne also believes that spiritual growth leads to a greater impulse to help others and heal the world. She seeks to inspire others to use their unique gifts for the greater good.

Anne has been practicing psycho spiritual therapy for close to 20 of her 30 years in the mental health field. She provides spiritual counseling to clients of various spiritual traditions as individuals and in groups.

Anne has a bachelor's degree in psychology and a master's degree in psychological counseling. She has had close to 20 years of post masters' clinical training, primarily at The American institute for Mental Imagery. In addition to this, Anne also does business consulting, peak performance coaching, and transformational retreats for women.
